Bill #: HB0231

Title: License plates for former POWS

Sponsor: John E. Witt

Status: As introduced

| | | | |
|-------------------|------|-----------------------------|------|
| Sponsor signature | Date | Dave Lewis, Budget Director | Date |
|-------------------|------|-----------------------------|------|

Fiscal Summary

| | FY2000 <u>Difference</u> | FY2001 <u>Difference</u> |
|--|-------------------------------------|-------------------------------------|
| Expenditures: | \$0 | \$0 |
| Revenue: | \$0 | \$0 |
| Net Impact on General Fund Balance: | \$0 | \$0 |

There is not a significant fiscal impact anticipated for the MCE License Plate Factory as existing ex-prisoner of war license plates produced are limited. The loss of revenue to the general fund for registration fees may have an effect, but the dollar amount should not minimal. The current License Plate factory general fund budget is sufficient to pay the costs associated with these types of plates.

Fiscal Analysis

ASSUMPTIONS:

1. Existing MCE License Plate facility is currently producing these license plates out of current operating budget and the number of these types of plates are not significant.
2. Due to the number of ex-prisoner of war license plates, production can still occur if fees are not assessed on these types of plates. It is projected that less than 300 plates of this type are produced on a yearly basis.

EFFECT ON COUNTY OR OTHER LOCAL REVENUES OR EXPENDITURES:

Not known

LONG-RANGE IMPACTS:

Loss of revenue on registration of vehicles with ex-prisoner of war license plates. Dollar amount will be dependent on the number of license plates of this type and whether current production numbers would increase because of the provisions of this bill.
